## Place Names

We adored East Anglia, some places more than most  
Some of them like Dick's Mount were inland, others on the coast  
Great Snoring, Two Mile Bottom we visited in the rain  
Stiffkey, Seething, Cucumber Corner and Sluthole Lane.

Some with a sordid history, Prickwillow, oh dear  
Not so Fingringhoe, Barking, and Dinkleburg Meer  
Cake Hole and Wangford and Booty Road, all good  
As was Horsey, Diss, Hooker Road and Wormegay Wood.

Strange names we noted, we giggled and we laughed  
Cats Bottom, Horsey Corner, Cock Street, just silly and so daft.  
Finally there was Fakenham Magna, amazing where we've been  
But the one that took the cake was — Ugly Ugly Green

**DOUBLE DECKER BIKE PARKING** When there is no more room you go up. Very clever solution.

**DRIVERLESS** Quite a change from van driver to train passenger. Relax for a day before learning how to drive on the right.

**JET TRAILS** You don't realise how busy the skies are. Very noticeable on a day with few clouds.
