After biking around the waterfront we left Geraldton and headed south. It was another absolutely glorious day. We drove leisurely along the coast to a little town called Leeman where we decided to stop for the night. We found a lovely unit in a caravan park and quickly jumped on our bikes and rode along the bike track that followed the shore line. We stopped at a point that overlooked the bay and spent the rest of the evening watching the sun go down

across the water. We sat on the rocks listening to kids laughing on the pier, sea gulls fighting and the waves swishing on to the sand - a very special moment in time.

We booked a hotel room in the very centre of Perth for two days with an aim to explore Perth's many bikeways. The weather forecast said it will remain hot for the next week. We are looking forward to finding out if Perth is as good as everyone tells us.
