Into London

A slow journey today took us to Ken & Nikki's home in London. We are staying for one night so that Siggie and Ken can talk football prior to the commencement of practice sessions in London during this week culminating in the Nations Cup tournament in Cardiff in early December. Ken is a fellow walking football groupie who has a home in Sydney as well as London. We had a lovely invigorating walk on Esher Commons as a lunch break and then again on Wimbledon Common and Village upon arrival at Ken's home. We now look forward to chatting our way through tea tonight and then Siggie and Ken will indulge their passion with a local football session tomorrow morning before meeting up with the Australian team in the afternoon at a Wembley hotel.
